Dr. Frank Ranelli
Superintendent of Schools

August 2019

Dear Piscataway Families:

Moving into the second half of summer, the administration and staff of Piscataway Schools are hard at work, making sure buildings and grounds are ready for the first day of school, and students have all they need for a successful school year.

Throughout the district, our Facilities Staff can be found painting classrooms, replacing carpet and floor tiles, and installing dropped ceilings or new entrance doors. Our Grounds Department is mowing and mulching, installing new landscaping and replacing fencing. Larger scale projects include pavement and concrete replacement at PHS, and the classroom addition at Grandview School. And every hallway, every classroom, and every desk and locker will be cleaned and sanitized.

Our district and school administrators are accepting delivery of and cataloging new classroom materials as they continue to plan a diverse and challenging curriculum for 2019-2020. As a team, we continue our focus on wellness, and ways to help build healthy life habits for students and staff.

As the next month flies by, know that we continue to put our students first. We look forward to opening our doors on September 4, and welcoming students into the 2019-2020 school year.

Sincerely,

Dr. Frank Ranelli
