

May 1, 2020

Hello Piscataway Families,

As we finish up another week of remote learning, I want to express how deeply I appreciate the partnership we've created through this crisis. Parents and teachers continue to work together, always putting the kids first, ensuring they continue to grow and learn. The support from all sides has been so welcome, so strong, and so committed.

School Counselors

Please remember, when times get tough, or this situation we're in feels overwhelming to our students, our counselors at every grade level are here to help. Students are dealing with unprecedented disruption in their schoolwork and their social lives, and may need another adult to talk to. Please reach out to your school counselors for assistance, or students can call or text the Haven hotline directly at 888-222-2228.

Meal Distribution

I also want to remind everyone about our meal distribution to ALL Piscataway families. Any Piscataway student can take advantage of this program at any of our 13 locations from 9:30am to 11:30am, Monday through Friday: all ten school buildings, the two Children's Corner locations and the Board Office. Meal distribution is via our drive-thru pickup process and "Grab and Go" meal includes breakfast and lunch.

Beyond May 15

We continue to await further instruction from Governor Murphy regarding school closure beyond May 15, and will share that information with you as soon as it is available.

I hope we can all get outside this weekend and enjoy some beautiful weather. We deserve it!

Very Sincerely,

Dr. Frank Ranelli
Superintendent of Schools
