

## Installing Apps Using the Jamf Teacher App

The Jamf Teacher application allows staff to download apps from a controlled app store on demand. The apps available in Jamf teacher contain only those apps deemed educational and relevant to the academia of the student/staff.

To begin, please follow the directions below.

From the home screen, tap on the Jamf Teacher icon

**\*\*\*If opening the app for the first time, please continue below. Otherwise, proceed to *The Jamf Teacher Dashboard*\*\*\***

1. A window will open concerning App Privacy. Please read the information and tap on “Accept”.
2. The next window will appear asking about Bluetooth Permissions. Although its functionality isn’t necessary at this time, tap “Continue”. You will be prompted as to whether or not you would like to use Bluetooth. Select “Don’t Allow” at this time. Tap “Continue”.
3. The next window will describe location services. Please read the information and select “Continue”. You will be prompted to choose whether or not the app can use your location. Please select “Allow while using App”.
4. The next windows will describe Notification Permissions. Tap “Continue”. You have completed the initial setup of Jamf Teacher.

### The Jamf Teacher Dashboard

The Jamf Teacher Dashboard is comprised of:

- My Resources (Download apps, Documents, etc)
- App Updates

To download a district app:

1. Tap on “My Resources”
2. A popup window will appear. Under “Apps”, the applications will be visible and listed in alphabetic order.
3. Find the app you wish to download and tap “Get”. Your selected app will begin installing on the iPad.

To update an app:

1. Tap on “App Updates”
2. Select the app you wish to update and tap “Update”
