

**Is there a parent support group for parents of a child with special needs?**

The Special Education Parent Advisory Group of Piscataway was created for and by the parents/guardians of children in the Piscataway Township Special Education system. SEPA's goal is to develop a network of parents, educators, medical organizations, and other support services in order to provide the best possible care for our children. Meeting dates are scheduled on the district calendar and posted [here](#).
